Mohammed Waseem A

Computer Science & Engineering Student | AI & Frontend Developer

📞 8248682077 ✉️ **alanjiwaseem@gmail.com** 🔗 **LinkedIn** 💻 **GitHub**

Professional Summary

Computer Science and Engineering student with hands-on experience in frontend development, UI/UX design, and AI-powered applications. Experienced in developing responsive web interfaces, building backend services, and integrating AI APIs into practical applications. Passionate about software development, artificial intelligence, and solving real-world problems through technology.

Experience

CodeAlpha — Frontend Development Intern · 1 Month

- Developed responsive web pages using HTML, CSS, and JavaScript
- Built interactive frontend components and implemented client-side functionality
- Worked on responsive layouts and user-friendly web interfaces
- Applied structured development practices to create organized and maintainable code

CodeSoft — UI/UX Designer Intern · 4 Weeks

- Designed responsive and user-friendly web interfaces using HTML, CSS, and JavaScript
- Applied UI/UX principles to improve layout, navigation, consistency, and usability
- Created interactive components for responsive web experiences
- Translated design concepts into functional frontend interfaces

Featured Project

CareerVerse AI — AI-Powered Career Guidance Platform

- Developed an AI-powered career guidance platform that recommends suitable career paths based on students' academic background, interests, and skills
- Built a responsive frontend using **React, Vite, and Tailwind CSS**
- Developed an **Express.js** backend and integrated AI capabilities using the **OpenRouter API**
- Implemented personalized career recommendations and an AI Chat Assistant
- Deployed the backend using **Render** and connected the frontend to the deployed API

Technical Skills

Languages

Python, C, JavaScript

Frontend

HTML, CSS, React, Vite, Tailwind CSS

Backend

Node.js, Express.js

AI & APIs

OpenRouter API, AI/LLM Integration

Database

SQL, MongoDB

Blockchain

Solidity, MetaMask, Remix, Ganache

Tools

Git, GitHub, VS Code, Vercel, Render

Achievements & Activities

AI for Society: Ethical & Sustainable Idea Sprint

C. Abdul Hakeem College of Engineering and Technology, CSE Department. Explored ethical and sustainable applications of Artificial Intelligence.

Smart India Hackathon

Participant. Gained experience in problem identification, solution ideation, teamwork, and technology-driven solution development.

Education

1

B.E. Computer Science and Engineering

C. Abdul Hakeem College of Engineering and Technology

2024 – 2028
